

DECEMBER 2025

MUSCULAR DYSTROPHY

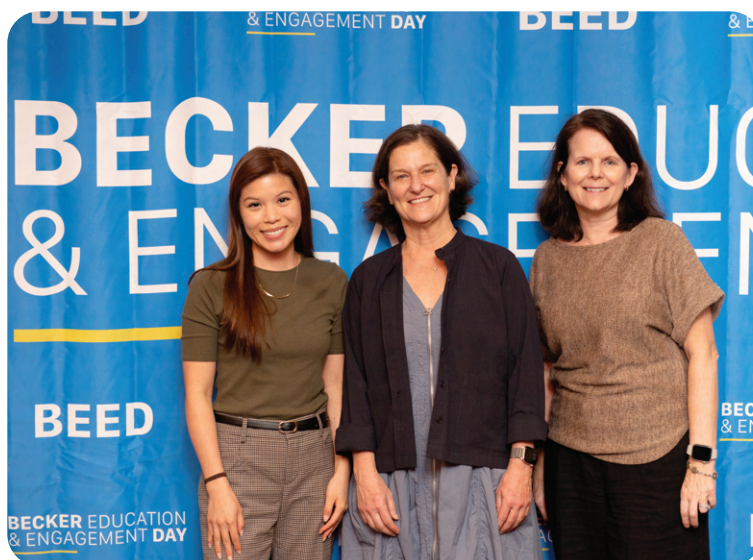

COMMUNITY NEWSLETTER

This newsletter is intended for U.S. residents. Individuals should always discuss questions about their medical care with their medical care provider.

Becker Education and Engagement Day!

Edgewise is so thankful for the opportunity to support the **Becker Education and Engagement Day (BEED)**. On September 26th and 27th, BEED events took place across the United States at five locations. **The event gathered over 450 people from the Becker community**, including individuals living with Becker, their families and support networks, clinicians, researchers, and advocacy organizations. The 2025 BEED event had tremendous growth from 2024, with **120 more attendees than last year's event!**

Presentations by clinicians included information about Becker cardiac screening and treatments, ongoing research, and addressing activities of daily living and developing an exercise plan. Throughout the day, many community-led panels discussed topics such as relationships and communication, changing the narrative around equipment and independence, and navigating life with Becker. Community organizations also provided information and resources around employment and school.

“In our Becker community, every story is a spark. Every connection, a lifeline. Together, we are rewriting what resilience looks like. We are creating hope for our Becker community. We are unstoppable.”

-BEED Attendee

Recordings of these presentations can be found on the event website:

Power Up Community

We're thrilled to launch **Power Up Community**—a vibrant movement uniting the Becker muscular dystrophy community!

The **Becker Power Map** is already glowing bright but imagine it shining even brighter. Have you added your light yet?

Every light and supportive message on the map celebrates the strength of our Becker family, reminding us all that we're never alone. **Join the movement today!** Add your light by sharing a message of support, a quick hello, or simply marking your spot. Together, let's make this community unstoppable!

Find the Community campaign on the Becker muscular dystrophy website
beckermusculardystrophy.com/power-up-community/

"My wish for the Becker Community is courage in the hard moments, confidence in your strength, and the comfort of knowing you are never alone."

BECKER SUPPORTER, MASSACHUSETTS

Join the movement and light up the Becker Power Map.

We're creating a glowing reminder of the power of unity, support, and connection for the Becker muscular dystrophy community. Share a message with the Becker community and watch as it lights up the map, creating a visible network of support.

Help us power up the community. Add your light and a message on the Becker site:

Did You Miss our Most Recent Webinar?

On September 3rd, Cure Duchenne hosted a “Fire Side Chat” webinar featuring Michael Kelly, Cure Duchenne’s Chief Scientific Officer, Joanne Donovan, M.D., Ph.D., Edgewise’s Chief Medical Officer, and Alan Russell, Ph.D., Edgewise’s Chief Scientific Officer. The three discussed the status of Edgewise’s program in Duchenne muscular dystrophy and the recording can be found on the [Cure Duchenne website](#).

Wrapping Up 2025

Wishing everyone a happy holiday season as we wrap up 2025! Thank you for your support and involvement with Edgewise throughout this year, and we look forward to continued partnership in 2026.

Happy Holidays!

FROM THE EDGEWISE TEAM
